

### 1.) I've Been Here So Long

I've been here so long, I don't know what else to do.

When I lie, you'll never let it go as long as I'm gone.  
If I try, I'll never let you know, as long as I'm on.  
What is it like to watch others go and fall far behind?  
When I lie, you'll never let it go as long as I'm gone.

Where do I go when your eyes say goodbye and your body says hello?

I've been here so long.

### 2.) Hard For You

You look so shallow. How'd you get so shallow?  
You make me want what I can't let go. Is what you want what I cannot know?  
Well, I'll try to keep it together just don't you come any closer.

I'm gonna make it hard for you. I'm wanna watch it as you choose.  
I know I'm not him, but I made you, you.

Something's different. Something has changed: it's the way you look at me, it's the way you say my name.

Well, I'll try to keep it together just don't you come any closer.

You're not the one I want, but I'll take what you got.

### 3.) Every Little Thing

I can see you walk down and tell yourself "it's all better now."  
I don't know what I said to make you want to be together now.  
I can hear you hold your breath when I walk passed, wishing I weren't around.

I'm watching you. I know every little thing you want to do.  
I'm watching you. I see every little thing you want me to.

### 4.) Sorted Out

Sort it out Sorted Out, because I don't want to be here anymore.  
It's all right for you to like what you need, if you can stand the sight of someone you leave. Just don't take yourself so seriously.

I try tried so hard to be better, when is it going to be enough?

Sometimes when it's night, I forget where I'm supposed to be.  
I wander where it's familiar and watch everyone move faster than me.

Tell me now – tell me right now – what's making this so hard. Why are you so hard to find?

### 5. I Got Tamed

I didn't grow up, I got tamed.  
I turned in all of my stripes to give you my name.

I want to talk to you so bad.

## 6. Best Supporting Actress

So, where were you when it all went down?  
I looked all around, but you couldn't be found.  
I held onto you like I didn't know how, I wished I did because I'd have you now.

It's oh so wrong, girl, when you're gone.  
It's oh so wrong to be the bitter child.

When I'm on a plane I think of you.  
I wonder what you wear when you go to school.  
Because I never wanted you to chase me, I just wanted you to have me.  
So here I am, girl, patiently waiting.

I know I said I would miss you, but now I think I'll make a mess of you.

You don't know what she thinks. You don't know anything.  
You don't know what she says to me when we're alone: "I'm different with you."  
I don't expect you to understand.

## 7. I Know What You Want

I'm not taking sides, but I think that you should go.  
"How can I move on, when there's so much left know.  
I'm scared and I don't want to leave home.  
So, I'll hide here in silence all alone."

I know what you want when you act like it's over.  
I know what you need when you talk like you're older.  
So why can't you tell me what I know you won't.  
I know what you want when you act like it's over, now.

"I'm not holding on, because it's out of my control.  
I can't stop this coming, because I'm invisible.  
But I'm here. I'm here. I just blend into the walls.  
Your eyes move passed me just like it's usual."

I know what you want when you act like it's over.

## 8. Underground

What's it to you "over there in the dark"?  
If I tried hard enough I'd leave a mark in someone else's heart, in someone else's house, in  
someone else's arms.

"Something tells me you'll never make it out.

You'll never make it down to where the water is underground."

Don't go, I need to follow you. It's not fair to start.  
I watched you follow through out there in the car.  
In someone else's heart.  
In someone else's house.  
In someone else's arms.

Something tells me you'll never make it out; you'll never make it down to where the water is underground.

Something is wrong when I feel right.  
I remember what was on my mind.  
It was easy when you were mine.  
I always had someone on my side.

Something tells me you'll never make it out.  
You'll never make it down to where the water is underground.

9. Ha Ha

Ha, you know, I never would've made it that far.  
You know, I never would've let it fall.  
You know. I never would've made it much better.

10. Garden

I know what to say when you're around.  
"If I give you a yard, will you build a garden?"
